Review: New ideas for Michalko come from blending contradictory ideas. When we blend same ideas we'll have the same ones. Drawing his thinking mainly from business world, he tries to build a creative proposal for educational environments, suggesting the relevance of breaking down linearities and simplifications to face complex problems with complex solutions....

Description: Why isn't everyone creative? Why doesn't education foster more ingenuity? Why is expertise often the enemy of innovation? Best-selling creativity expert Michael Michalko shows that in every field of endeavor, from business and science to government, the arts, and even day-to-day life — natural creativity is limited by the prejudices of logic and the...
